

This is a red-and-white graphic titled "IU Total Economic Impact."

Underneath the title, the first two lines say, "\$9.9 billion in added income."

Below that, it reads "1 out of every 26 jobs in Indiana is supported by the activities of IU and its students."

On the left third of the graphic, a red outline of the state of Indiana is displayed, along with the statistic "151,015 jobs supported."
